Design Statement Worksheet

An [DESIGN STATEMENT](#) is a necessary component of any professional artists' portfolio or promotional packet.

1. Take five minutes and think about why you do what you do. How did you get into this work? How do you feel when work is going well? What are your favorite things about your work? Jot down short phrases that capture your thoughts. Don't worry about making sense or connections.
2. Make a list of words and phrases that communicate your feelings about your work and your values. Include words you like, words that make you feel good, words that communicate your values or fascinations.
3. Choose two key words from your word list. They can be related or entirely different. Look them up in a dictionary. Read all the definitions listed for your words. Copy the definitions, thinking about what notions they have in common. Look your words up in a Thesaurus. Read the entries related to your words. Are there any new words that should be added to your word list?
4. Write five sentences that tell the truth about your connection to your work. If you are stuck, start by filling in the blanks below:

When I design I am reminded that _____.

I begin a piece by _____.

I know a piece is done when _____.

When my work is going well, I am filled with a sense of _____.

When people see my work, I'd like them to _____.

Use the suggestions below to structure your statement.

- **Be brief.** Two or three paragraphs of no more than three sentences each is a good length for an introductory statement.
- Keep your sentences **authentic and direct**. Use the present tense ("I am," not "I was," "I do," not "I did.") Write about yourself as though you were an admiring colleague. Refer to yourself in the **first person** with the pronouns "I, me, my."

First paragraph. Begin with a simple statement of why you do the work you do. Support that statement, telling the reader more about your goals and aspirations.

Second paragraph. Tell the reader how you make decisions in the course of your work. How and why do you select materials, techniques, themes? Keep it simple and tell the truth.

Third paragraph. Tell the reader a little more about your current work. How it grew out of prior work or life experiences. What are you exploring, attempting, challenging by doing this work.

DO: **Give yourself permission to make mistakes. Let yourself write badly. Crumple up lots of paper balls and throw them in a corner.*

**Use language that everyone can understand.*

DON'T: **Tell your life story. You can keep that for your bio (as long as it's interesting). Your design statement is only about the current direction of your work. Do not tell us you've been passionate about art since you were a kid. We don't care. We all were.*

**Quote or refer to anyone else by name. Keep the focus on you and your design. Mentioning another name shifts the readers' attention from your art to the other person. Try not to categorize your work or compare yourself to others.*

**Forget to use spell check and ask someone else to read it over for you.*

The Art Institute of Philadelphia
Attendance Policy for Syllabi

- The Art Institute of Philadelphia is committed to learning-centered, hands-on instruction, which can only be accomplished when students attend class. There are no excused absences. The satisfactory explanation of an absence does not relieve the student from responsibility for the course work assigned and/or due during his/her absences. A student who does not attend class during the first week of school or starts late is still held responsible for his/her absences.
- A student who is absent for *three cumulative weeks** will be withdrawn from the course and will receive a Withdrawal (W) grade during weeks 1 through 9 of an 11 week term and a Withdrawal/Fail (W/F) grade after week 9 of an 11 week term for that course (after week 4 of a 5.5 week Mid-quarter ground term) unless the student submits an appeal to remain in class that is accepted by the instructor and department director/dean. A student is allowed only one appeal per class. In other words, if a student submits an appeal and it is approved, the next absence will initiate a non-appealable withdrawal from the course. The Attendance Appeal Request Form may be found in the Registrar's Office.
- It is your responsibility to stay in communication with your instructor about absences in order to stay current with assignments. **You are expected to spend the entire amount of scheduled class time in the classroom.** If you are dropped from the class and you have a documented mitigating circumstance, you may have the opportunity to appeal. It is your responsibility to ensure that your attendance in class is brought to the faculty member's attention if you arrive late.
- Students who are not marked present in any of their scheduled classes for fourteen (14) consecutive calendar days before the end of the ninth week of the 11 week term (week 4 of a 5.5 week Mid-quarter ground term), will be withdrawn from the Institute and will receive W's (withdrawals, with no grade penalty), or if the withdrawal occurs after the end of the ninth week of an 11 week term (after week 4 of a 5.5 week Mid-quarter ground term) students will be withdrawn from the Institute and will receive WF's (Failures due to late withdrawal). Calendar days include days that the student does not have any scheduled class. All calendar days that the school is not in session (e.g., school closings and holidays) do not count in the fourteen (14) calendar days as well during the active term. Students who have been withdrawn due to violation of the consecutive absence policy, but are still in good academic standing, if otherwise eligible, will be able to return the following term through the normal readmissions process. Students who have been withdrawn and the withdrawal results in a violation of the satisfactory academic progress policy (SAPP) must follow the procedure for appealing the academic dismissal.

- Students are encouraged to make all schedule changes early in the first week of the quarter to minimize absences. Failure to sit in all classes during the first two weeks of school will result in termination from school for the quarter. Detailed information about scheduled adjustment periods can be found on the back of your official schedule or in the local Ai campus catalog.
- If you are going to miss class, regardless of the reason, you should notify your instructor. You are responsible for gathering any information from the missed class period in a timely manner.

Ai Unearned F (UF) Grade Definition

Unearned F Grade: students who failed the course AND did not complete the final assignments in the course. Final assignment include, but is not limited to a final exam, final project, final paper, portfolio presentation, capstone project or any other assignment due in the last week of the course. If a student completed some or all of the other requirements in the course but did not complete the final assignment of the course and failed the course, the F grade will be considered unearned. An unearned F grade will be reflected as a “UF” grade on the transcript. The course’s instructor will award this grade when appropriate.

The Art Institute of Philadelphia Academic Integrity Policy

The Art Institute of Philadelphia recognizes that any form or degree of academic dishonesty challenges the principles of truth and honesty, which are among the cornerstones of the college. Consequently, the college treats academic dishonesty as a serious violation of academic trust. All students found to have engaged in such behavior will be penalized.

Acts of academic dishonesty include but are not limited to the following:

1. The illegitimate use of materials in any form during a quiz or examination.
2. Copying answers from the quiz and/or examination of another student.
3. Plagiarizing or falsifying materials or information used in the completion of any assignment.
4. Obtaining or otherwise improperly securing an examination paper prior to the time and date for the administration of the examination.
5. It is presumed that material submitted by a student for an assignment is original to that assignment and therefore submitting the same work for more than one course without the consent of the instructors of each course in which the work is submitted is considered dishonest.
6. Intentionally interfering with any student's scholastic work, for example, by damaging or stealing their intellectual property, computer files, project, etc.
7. Stealing and submission of another student's work as your own.
8. Aiding or abetting any of the above.

The Art Institute will impose the following sanctions when a student is found to have committed any of the above infractions:

1st offense = failure of class *

2nd offense = suspension for two (2) quarters

3rd offense = expulsion

* EXCEPTION: Any students found cheating/plagiarizing on their final senior portfolio will be expelled from the college and will not receive their degree.

A faculty member who believes a student has committed academic dishonesty will contact the Dean of Students and will also file an incident report with the Dean of Students. The Dean of Students will contact the student and will meet with the student and the faculty member prior to the next scheduled class session. If it is determined that the student did indeed commit academic dishonesty, the Dean of Students will inform the student of the penalty. Records of academic dishonesty will be held by the Dean of Students.

Disability Services

The Art Institute of Philadelphia provides accommodations to qualified students with disabilities. The Disability Services office assists qualified students with disabilities in acquiring reasonable and appropriate accommodations and in supporting equal access to services, programs and activities at The Art Institute of Philadelphia. Students who seek reasonable accommodations should notify Ashley Forsyth, Dean of Students at (215) 405-6778 of their specific limitations and, if known, their specific requested accommodations. Students will be asked to supply medical documentation of the need for accommodation. Classroom accommodations are not retroactive, but are effective only upon the student sharing approved accommodations with the instructor. Therefore, students are encouraged to request accommodations as early as feasible with the Coordinator of Disability Services & Developmental Studies, to allow for time to gather necessary documentation. If you have a concern or complaint in this regard, please let Ashley know. Complaints will be handled in accordance with the school's Internal Grievance Procedure for Complaints of Discrimination and Harassment.

Equal Education Opportunity Policy

The Art Institute of Philadelphia does not discriminate on the basis of race, color, national origin, sex, gender, sexual orientation, disability, age, religion, genetic marker, or any other characteristic protected by state, local or federal law, in our programs and activities.
